Receive \$50 in half-off Thrive Credit	Awarded anytime you reach \$500 in new personal sales.

*Emerald rank must have 3 legs with qualifying Gold or higher rank.

Commission and a consultants first delivery order and starter kit are credited to their upline completely.

**Commission on first month deliveries and starter kits are both paid out as a percentage depending on the volume (total sales) of new deliveries or kits each month. 10-14% commission is paid out on deliveries during the customer or Consultant's first month. 10% commission is paid out on the second and third month's deliveries and 5% commission on every month thereafter. Payout percentage on the first \$300 of Delivery orders is the higher percentage. If the order exceeds \$300 the difference is paid at 10%

[†]The Builder Bonus allows you to earn double the payout percentage on starter kits and first month delivery sales by earning at least 8 points in a given month. Earn 2 points for every new Consultant enrollment and 1 point for every delivery that processes (deliveries must be a minimum of \$50 to qualify). The Builder Bonus is paid out with your monthly commission amount after total delivery and starter kit volume is final.
